

PC-TAG Alma Mater Database

The PC-TAG Alma Mater Database is a resource for students and families who have questions about or interest in a particular college or university. If you are an HPISD student or parent and would like information about a school listed, please send your inquiry to: membership@pctag.org. The PC-TAG Membership Chairperson may provide contact information for the HP community member who attended the school. The community members voluntarily submitted their contact information and are willing to share their experiences.

If you would like to support HP students and families by joining the PC-TAG Alma Mater Database and are a parent of students enrolled in HPISD, please click [HERE](#) to complete the questionnaire to be added as a resource for one of the schools listed or to add your school.

The PC-TAG Alma Mater Database is a network of community members who are willing to share information, advice, and experiences regarding the colleges and universities they attended.

Park Cities Talented and Gifted non-profit organization is requesting this information to promote awareness and provide information for all families of HPISD. The Alma Mater Database is a resource for PC-TAG to assist parents and students who have questions about or interest in a particular college or university. It is a resource to make the community aware of lesser-known institutions that may be of interest to our students who are applying to college. You do not have to be a parent/guardian of a student in the TAG program; however you must have a child enrolled in HPISD. PC-TAG will not share any information unless consent has been provided.

Undergraduate

Auburn University	Rose-Hulman Institute of Technology
Baylor University	Southern Methodist University
Boston College	Southwestern University
Brown University	Texas A&M University
CalTech	Texas Christian University
Centenary College of Louisiana	Texas Tech University
Colgate University	The University of Connecticut
Columbia	Tulane University
